This system has given me by far, more success than any other thing I've ever tried in my over 15 years in mail order! And believe me, I've tried a lot! What I've developed is a finely tuned, top-notch, high demand compilation of the very best, hottest selling informational products on CD-ROM... Years worth of research, compilation, and investment... so you won't have to! I then designed and created amazingly killer, sizzle-heavy, order-grabbing circulars to make up into what's morphed into the 'Burn Your Way To Riche\$' CD-ROM Collection Catalog, it's jammed-packed with thousands of the best ebooks, programs, systems, software, audio files, and insider's money making techniques in the home business industry!

I now have it all set up where it's so easy to operate, I just do the marketing and advertising part, and my 12 year-old daughter burn most of the CDs for me in our spare computer.. in exchange for a very generous allowance, of course! So, I'm finally good and ready to expand, and **THIS IS WHERE YOU CAN CASH IN! Big Time.. HUGE!!**

This is a win-win situation situation! If you're a real go getter, are tired of earning peanuts 'working for the man', and are serious and motivated to never be poor, broke, and stressed out about the bills, ever again... I'll rush you a full master set of sharp, laser printed, marketing materials for the 'Burn Your Way To Riche\$' CD-ROM Collection Catalog, fully customized with your name and address on it! Then every time you get an order, you simply keep half the money as your commission, and we'll fill the order and dropship it to your customers for you for the other half! *OR*, if you have a computer and want to, although totally optional... You can purchase any of the CDs from the catalog at your convenience, at the discount dealer rate of half the listed prices, that way you can duplicate the CDs yourself and **YOU GET TO KEEP ALL THE MONEY!**

So YES, for a limited time, I'm making this truly remarkable opportunity available for **\*FREE!** BUT, I'm most certainly not about to waste my precious time and resources sending this material to just anyone that requests this material and doesn't plan on doing a damn thing with it once they receive it! Flakes, nothing doers, and tire kicker need not apply! In other words, I'm weeding out the wheat from the chaff! So, if you belong to the latter group and are truly serious about making some real money by putting this system to work for you too, then mail me \$35 for this start-up kit, and I'll immediately refund the full \$35 to you once you've generated a minimum of \$250 in commissions, this is more than fair and if you work the system, I PROMISE YOU, this program will make you money, hand over fist! If for whatever crazy reason you pass up on this no-brainer opportunity, where will you be in a year? Better off? In the same financial blackhole, or *WORSE?* The sooner you do this, the sooner you'll be well on your way to living your dream\$! **Do it NOW!**...
