We're Independent Network Marketers who have joined this solid Christian owned Network Marketing Company and opportunity! Here are the main reasons for our participation!:

First, we really appreciate the free sign-up and free info-packs the company provides! This saves us time and money in our sponsoring efforts! Then new members could be accurately informed about their unique line of quality nutritional, hair, skin and bath products, plus bible teaching CD's as well as the business opportunity!

Second, their low \$12 minimum monthly qualifying purchase to receive commissions is another factor that makes this business affordable! To build a monthly residual income, you simply purchase \$12 or more in product (or product certificates) each month directly from the company and refer entrepreneurial-minded consumers to the company's toll-free number and web site!

As your referrals and their referrals duplicate your efforts to continue this process, you may find yourself with a progressive referral network that extends across the USA! You could earn monthly commission checks based on products purchased within your network!

The company has a co-op advertising program and other marketing tools to help you! You may also use this flyer when you join our team (contact your sponsor for a sharp copy)! Just remember to include your ID# on it! Please use only appropriate distribution methods: **NO SPAMMING!**

Regardless of all the great benefits and features this opportunity has, the real key to your success is you! A smart way to enhance your effectiveness is to simply duplicate the thinking of those who have succeeded in this industry!

Here's how! Immediately assume full responsibility for your own success! This attitude will actually strengthen you from within (where it counts the most)! You may find yourself tapping that potentially unlimited power inside you that tends to generate self-motivation and the willingness to take progressive action toward those dreams and goals!

This mind set may also enable you to overcome the obstacles and meet the challenges in this industry because you've conditioned yourself to think like a LEADER! Another key is to share this self-leadership concept with those you sponsor (such as through this flyer)! The ultimate goal for earning maximum commissions is to personally sponsor 7 or more active members! This will provide you with a solid foundation of LEADERS!

So, if you could picture yourself prospering through empowering others, then we invite you to order your FREE info-pack today! Call 24 hours: 1-800-585-5873. Must leave ID# 166551
