

THE INTERNATIONAL POWER CO-OP

TURN \$15 A MONTH INTO A COMPLETE DOWNLINE BUILDING SERVICE AND UNLIMITED INCOME

THE INTERNATIONAL POWER CO-OP is a cooperative downline building service that has been formed to assist all network marketers in building a profitable business, and achieving their personal goals. The International Power Co-op was designed for all network marketers with five basic goals in mind. Goal #1 To assist all who join this co-op in reaching their goals in network marketing. It does not matter who you are, where you are from, your background or age. Everyone gets a downline built. Goal #2 To build the worlds next SUPER-GROUP. For those of you that do not know what a super group is. That was a 1980's term for a downline organization with a Million or more people in it. Goal #3 To build a permanent on going group of like minded people who are interest in building just one downline. The reason being is that many people in network marketing are just burnt out on starting over, and would like to find that last one that they will have to build. Goal #4 To reduce the cost of building a downline by pooling resources with many people. #5 To reduce the time it takes to build a profitable downline organization. How the whole thing works is that everyone who joins the co-op will be expected to put \$10 in a pool every month. That is the first \$10 of the \$15 mentioned above. The money in the pool will be use to purchase what ever is needed to build and maintain a downline for everyone.

In March of 2013 we had set our criteria of 15 or 16 different areas of interest and the search for the perfect program to be used with **THE INTERNATIONAL POWER CO-OP** had begun. Over 90 different programs were looked at before the decision was made to use **FREEWAY TO SUCCESS** in this active building co-op. It seems that this program just matched our criteria in almost every way.

FREEWAY TO SUCCESS is a 5 X 5 forced matrix network marketing program. You begin at the basic level witch is amazingly only \$5 monthly (That now totals \$15 for the month), but the system itself walks you through a series of upgrades that can be paid for out of profit, and not out of pocket. The program leverages its members into many income streams, and an unlimited income. Plus major discounts on almost everything that you are buying right now with their in house buying club, and much, much more....
