

### **THE INCREDIBLE MEGA CASH SYSTEM**

This program is designed to put huge amounts of cash in your pocket in no time at all. There are two positions you can pay to join. You can either pay \$1,000.00 or \$2,000.00. All of your money will come directly to you. There is no middle person. You'll even receive these great benefits when you join.

**Free print and mail, free mailing lists and free postage stamps! Here's how it works:**

You must pay the monitor and each person in both positions one and two. The amount you must pay to join depends at which level you're joining at. If you're joining at \$1,000.00 then you must pay \$1,000.00 to both the monitor and the person in position number one and then you only have to pay the person in position number two \$500.00. If you're joining at \$2,000.00 then you must pay \$2,000.00 to both the monitor and the person in position number one and then you only have to pay \$500.00 to the person in position number two. After joining you will receive 500 of the best mailing list names, 100 postage stamps, and a 10,000 print and mail every month for 12 months. That's 120,000 flyers for one full year!

So don't just sit watching everybody around you getting rich or even worse, keep on working for someone else making them rich. Make the effort for yourself. Fill out the enclosed application form and start making your cash today!

If you're paying people in other positions make sure you send proof copies to the monitor. All payments should be made by either money order, bank money order or bank cashier's check. To get started just fill out the application form below:
