

100% PROFIT FOR YOU!

STAMP & MONEY PROGRAM

MOST STAMP PLANS...

call for the prospect to send 50 stamps and \$10 to the "Prime Source". The Prime Source is then supposed to send you 10 stamps and \$2, as well as the other three people on the list. The Prime Source then keeps 10 stamps and \$2 for his/her efforts.

Not too hard to figure out who's making all the money and stamps on this one, is it?

This type of program is considered a "LOTTERY" by the Post Office. "Why" you ask? Because your success depends on the people who follow you into the pyramid. If they aren't successful, you won't be either. Only the Prime Source gets 10 stamps and \$2 from everyone entering the program. You, on the other hand, only get money and stamps from those you recruit. Lotteries are considered illegal by the Post Office and if you get caught, they will shut you down. Lotteries are a "game of chance".

If you have been in mail order for any length of time, you know that approximately 50 percent of your costs goes for postage and another 30 percent goes towards advertising. Another 15 percent or more is spent on printing. Your profit comes out of what's left.

Suppose you could eliminate the cost of postage? That would be a nice, tidy profit, would it not? What about the cost of advertising? What if you could eliminate that cost also?

WOW... you could really be making some SERIOUS money then!

HONESTLY, the only way you can make any really serious money in this business is if you are the "PRIME SOURCE". That means that YOU fill all the orders and YOU keep all the profits. What if you could get FREE postage as well as FREE advertising? WELL NOW YOU CAN!
