- It's a great opportunity for stay home mothers, single parents, students, seniors and almost everyone!

One of many Success Stories!

An Absolute Goldmine!

"I was talking to my mentor, Russ von Hoelscher, about how to make money online and offline. He said that I could not have called at a better time. He then told me and raved about a powerful program called HEALTH TO WEALTH and it is the most profitable program out there in the market today. Since Russ has been in the business of making money in direct mail and mail order for over 35 years... I listened to every word he said. He told me the product was called "Longevity Formula" and he uses it twice a day and he has never felt better. I joined the program 1 month ago and the Longevity Formula really works. Plus, I have not done any work trying to get people into the program. And, so far in only 1 month I have made \$1,500.00 (fifteen hundred bucks - more money than any other program I've been tried and failed at or been involved in and its just beginning for me... All the work is done for you. No Personal Selling, No Monthly Fees, and I never have to talk to anyone. The founder and CEO, Grace Beaman, has put together an absolutely brilliant program. You will never see anything like this Health to Wealth program. You can actually talk to her on the phone... she picks up her private line. YOU CAN TELL... She really cares about people. This is an absolute GOLDMINE! Go ahead and check it out FOR YOURSELF today! -
