First, we would like to thank you for responding to our advertisement and to congratulate you on your interest in publishing your article which could be worth ten thousand to one million dollars, or more.

We are looking for that brief article of news, a report about what you do best, or anything of particular interest. This area of interest could be your job, hobby, skill, gift, certain activity, or perhaps just general information about a particular subject. We want simple, down to earth, basic grassroots information that has public appeal.

Everyone is born with a Tell and Sell story. Put that information in a report, article, short story, or essay and sell it. We want your story about things in your life that interests you. We will buy it from you and publish it. You retain the rights to your story or paper. You are free to sell your paper to other publishers. This way, you have 100% control of what happens to your story.

Your age, education, or status in life makes no difference. Everyone has a Tell and Sell story or information that can benefit others. Use your skill and ability to help create a better life for those who lack your knowledge. Remember that you were born with your own unique story. Some people have more than one story they may want to sell. That's great! We want to give you an opportunity to put it in print.

One type of article we are looking for is the basic "Money Making Report." This is usually one to four pages, but can be up to twenty pages in length. This type of article should outline instructions, details, or a "How-to-Method" for solving a problem.

For Example: \*Making more money \*Better health \*Attaining greater happiness
